***Required courses:** SE200, DMJN/HR252, DMJN/MX/SOJE222, BF190, BF199 may be taken any time after first year. They are populated into the program chart but you may move them to any year, by swapping with an elective credit. For example, you may want to take BF190 in Year 2. If so, move BF190 out of Year 3, into a Year 2 “elective credit” spot. You would then move the elective credit from Year 2 into the box where BF190 was (in Year 3). SE200, DMJN/HR252, DMJN/MX/SOJE222, BF190, BF199 may only be swapped with elective credits.

IMPORTANT:

Within the elective credit spaces, the program recommends choosing 1.0-2.0 credits from the following complementary electives: DD101, DD102, DD300, HI286, HI323, ID/SOJE120, DMJN211, DMJN253, OL/MB109, OL140, PS101, PS102, SOJE204.
