Land Acknowledgement

Wilfrid Laurier University strives to improve its relationship with the land and people with whom we share it. As such, it is important to further our understanding of the long-standing history that has brought Laurier to reside on the land, and to seek to understand our place within that history.

Both Kitchener-Waterloo and Brantford have large urban Indigenous populations—10,000 and 8,000, respectively—and our campuses are close to 18 First Nations communities and 12 Métis councils.

Acknowledging them reminds us of our important connection to this land where we live, learn and work. We recognize, honour and respect these Nations as the traditional stewards, since time immemorial, of the lands and water on which Laurier is now present.

Laurier's Waterloo and Brantford campuses are located on the shared traditional territory of the Neutral, Anishnaabe (Anish-nah-bay) and Haudenosaunee (Hoe-den-no-show-nee) peoples. This land is part of the Dish with One Spoon Treaty between the Haudenosaunee and Anishnaabe peoples and symbolizes the agreement to share, protect our resources and not to engage in conflict.

We are grateful to hold this convocation ceremony on these lands today.

Unique Ceremonial Stole for Indigenous Graduates

Indigenous graduates will receive a unique stole with symbolic meaning. One side of the stole depicts the Dish with One Spoon Treaty Wampum Belt between the Haudenosaunee and Anishnaabe. This land is part of the Dish with One Spoon Treaty between the Haudenosaunee and Anishnaabe peoples and symbolizes the agreement to share, protect our resources and not to engage in conflict.

On the other side of the stole, is the Office of Indigenous Initiatives logo. Based on the Haudenosaunee creation story, our logo reminds us of how the first seeds of life on Earth were planted on the back of a turtle. The inner segments of the dome represent the Anishnaabe (Ojibway) Seven Grandfather Teachings: love, respect, wisdom, bravery, truth, honesty and humility. The golden rays of the sun symbolize enlightenment, learning and new beginnings. The Métis beaded purple flower represents the gifts of plant life from the Skyworld, which encourage and sustain life. The entire design rests on the waters of life.

The History of Laurier's Brantford Campus

Wilfrid Laurier University opened its Brantford campus to students in September 1999. The campus was created as the result of a process that began in 1996, when the Brant Community Futures Development Corporation (now Enterprise Brant) commissioned a business plan for the establishment of a university in Brantford. The plan became a catalyst for community discussions which culminated in the creation of a Brant University Steering Committee in 1997. It was this committee that presented an official proposal to Wilfrid Laurier University in 1998.

Many members of the Brant community played an important role in bringing the university to Brantford, including the Grand Valley Educational Society, City of Brantford, and County of Brant. Laurier's continued success and growth in Brantford has been the result of positive partnerships and collaborations with local residents, businesses, organizations, donors, and all levels of government.

Since its inception, Laurier's Brantford campus has been characterized by academic innovation and a commitment to providing students with the skills and knowledge relevant to contemporary issues and concerns. The Brantford campus has a problem-centred, interdisciplinary approach to teaching and research, with students and faculty applying their energy and knowledge to tackle important questions of our time through a human-centred approach.

Despite its significant growth since starting with only 39 students in 1999, the close-knit community culture at the Brantford campus persists. Laurier's Brantford campus now stands as a testament to the conviction—shared by the university, the City of Brantford and the County of Brant—that post-secondary education can play a transformational role in a community.

The Convocation Ceremony

Convocation is the most solemn ceremony within the university community. Since their beginnings in the Middle Ages, universities have performed this ceremony in order to grant degrees to their students and also to welcome those students into the community of scholars which has trained them.

The conferring of the degree is symbolized either by an acknowledgement or handshake from the chancellor or the president or other conferring officers of the university.

As an outward sign of his or her new state, the student wears a hood. Each degree within a university has a hood of unique colours and trim in order that the student's status may be recognized—indeed every university guards its own set of hoods from use by any other university.

The Wilfrid Laurier University Mace

The mace of Wilfrid Laurier University was officially presented by the Euler family at the 1963 fall convocation in memory of The Honourable W.D. Euler, former senator of Canada and the first chancellor of the university. It weighs 16 pounds and was manufactured by the firm of Henry Birks Limited, Montreal.

The ferrule near the base of the shaft contains ivory from a walrus tusk obtained from Coral Harbour, Northwest Territories. The shaft, representing the 10 provinces, merges into the head of the mace which bears the provincial crests. The wood used at the point where the shaft meets the head of the mace is elm taken from the bannister post of Conrad Hall, the original seminary building. Above this are four crests relating to the history of the institution: a crest of Waterloo County, the Luther Coat of Arms, the crest of the Waterloo Lutheran Seminary and the coat of arms of the University of Western Ontario.

The head of the mace is made of maple and bears the Federal Coat of Arms, above which is the monogram of Queen Elizabeth II, during whose reign the university's charter was granted. On the reverse side is the crest of Wilfrid Laurier University and the monogram of King George V, during whose reign the original charter was granted. The top of the mace is a crown, mounted with jewels, symbolizing the authority of the State.

The Marshal's Baton

Dr. Fred Binding, a faculty member in the Department of Psychology for 32 years retired in July 2003. He had served as the university marshal for 10 years. Sadly, Dr. Binding died in August 2003. In memory of his contribution to convocation ceremonies, artist Rex Lingwood was commissioned to create a marshal's baton.

In the baton, there's a range of visual references that relate to the graduation ceremony, both directly and symbolically. The baton's design echoes the elaborate theatricality of the ceremony and the flair brought to the occasion by Dr. Binding.

The commission of the baton was made possible with the generous support of the Department of Psychology and Wilfrid Laurier University Retirees' Association.

Honorary Degrees and Other Awards

Honorary degrees are conferred by Wilfrid Laurier University in recognition of outstanding scholarly, creative, or professional achievement or distinguished public and community service. The university may grant the following honorary degrees: Doctor of Laws (LLD), Doctor of Letters (DLitt), Doctor of Science (DSc) and Doctor of Divinity (DDiv).

The Order of Wilfrid Laurier honours worthy recipients who have a record of exemplary and distinguished service to the university.

The Distinguished Governor Award provides a mechanism for recognizing retiring and retired members of the Board of Governors who have given outstanding service to Laurier.

The University Research Professor Award recognizes and rewards a continuous record of outstanding scholarship or creativity by a full-time member of the Laurier faculty.

Faculty Award for Service Excellence and Community Engagement recognizes individuals who in addition to their teaching and scholarship, provide exceptional service leadership.

The Academic Degrees

The academic degree is a title conferred on an individual by a university as recognition of the completion of a course of study or for a certain attainment. In Canada, the three stages in higher education are represented by the degrees of bachelor, master, and doctor. Wilfrid Laurier University is given the authority to grant degrees by the Wilfrid Laurier University Act.

The bachelor's degree is awarded at the honours, without honours or general specified, and the general level. An honours degree program emphasizes the acquisition of a broad and deep knowledge of the student's chosen honours subject. The four-year BA without honours or general, is awarded to students who have met all honours course requirements and includes their specialization. A general degree program emphasizes a balance between an in-depth understanding of the student's major subject and a knowledge and appreciation of other fields.

The master's degree is the second degree in higher education. Students complete concentrated and specialized work at a more advanced level in an academic discipline or professional area. Most course work is within the field of specialization and a research project or thesis is normally required. Some master's degrees provide professional qualifications.

The doctoral degree is the highest academic degree granted by a university. Candidates for the degree spend several years in the advanced study of a specialized field of knowledge. The capstone of the degree is the doctoral dissertation, an extended work based upon independent research. The dissertation demonstrates the candidate's command of both the subject matter and the exacting methods of scholarship, and makes an original contribution to knowledge.

Laurier – Conestoga Partnership

Wilfrid Laurier University and Conestoga College Institute of Technology and Advanced Learning work in partnership to deliver innovative programs at the Brantford campus that provide students with the combination of theoretical knowledge and applied skills required to succeed in today's workforce.

Students graduating from Laurier's Digital Media & Journalism (BA) program will also receive a graduate certificate in Contemporary Media Arts from Conestoga.

Order of Proceedings | 10 a.m. and 2 p.m.

The Procession

The marshal will lead the graduates.

The assembly will remain seated during the procession of graduates but will rise as the platform party enters and remain standing until after the chancellor announces that the ceremony is in session.

Academic Procession.

The bedel will lead the platform party in the following order:

- Chancellor Eileen Mercier
- President and Vice-Chancellor Deborah MacLatchy
- Members of the Board of Governors
- Members of the Senate
- Faculty

Presentation of the Mace

The bedel will place the mace before the chancellor, signifying the opening of the ceremony.

Honorary Degree and Award Presentations.

Recipients will be presented to the chancellor for the honorary degree or award which they are being granted.

Conferral of Degrees and Diplomas.

The provost and vice-president: academic, will present the graduates to the chancellor.

The orator will read the names of the graduates as they cross the stage to be recognized. Graduates will then be greeted by the chancellor and their faculty dean.

Closing

A welcome from the Wilfrid Laurier University Alumni Association will be conveyed.

The assembly will rise for the national anthem.

Recessional

The assembly will remain standing while the platform party exits the auditorium, followed by the graduates.

2023 Honorary Degree Recipient

GARY LIPINSKI PRESENTED ON JUNE 6, 10:00 AM

Gary Lipinski, retired President, Métis Nation of Ontario (MNO) hails from Fort Frances, Ontario, where he was born, raised and still currently resides with his wife Dianne, and daughter Rachel. President Lipinski comes from a long line of Métis commercial fishermen and traditional resource users and continues today to practice the Métis traditional way of life: hunting; fishing; and camping with his family and friends.

President Lipinski holds a Bachelor of Arts degree from Lakehead University, a Bachelor of Education from Queens University and, Honours in Technological Studies from the University of Western Ontario. He started teaching at Fort Frances High School in 1987 and became actively involved in the discussions that eventually led to the creation of the MNO in 1993. In 1999, President Lipinski was elected MNO chair and with his ever increasing involvement in the MNO, he left his teaching position to focus his full attention on the pursuit of Métis rights.

Shortly after being elected president in 2008, President Lipinski successfully negotiated the MNO–Ontario Framework Agreement. This agreement represented a notable turning point in Ontario–Métis relations as it recognizes the unique identity, history, culture and rights of Ontario Métis communities, in stark contrast to generations of government policy that denied the very existence of Ontario Métis. The Framework Agreement led to similar agreements with other government ministries, agencies and post-secondary institutions. In March 2016, after two decades of holding political office within the MNO, President Lipinski announced his retirement. President Lipinski’s distinguished leadership and commitment to advocating for Métis rights and improving the quality of life of Métis people has transformed the Métis Nation of Ontario (MNO) and left a lasting legacy.

2023 Award Recipients

Faculty Award for Service Excellence and Community Engagement

Christina Han *Faculty of Liberal Arts*

Dr. Christina Han, an associate professor in the Faculty of Liberal Arts, is a recipient of Wilfrid Laurier University's 2023 Faculty Award for Services Excellent and Community Engagement. Demonstrating an unwavering commitment to community engagement throughout her career, Christina Han has been a leader in Brantford's heritage and arts community since joining Laurier in 2013. She played an integral role in establishing the Academic, Creative and Engaged Research Showcase (ACERS), an annual event empowering undergraduate students by providing them an opportunity to demonstrate their innovative and impactful research to the wider community. This program involves significant hands-on work with funders, community members, students, faculty and staff, while providing a rewarding experience for all who participate.

Han was recently appointed the inaugural director of the Laurier Hub for Community Solutions, which connects community partners with the insights, innovations and research of Laurier's faculty and students. She is at the forefront of community-engaged initiatives within Brantford and leads in building an impactful model of collaboration between Laurier and surrounding communities.

Wilfrid Laurier University Alumni Association

Congratulations on your graduation – you made it! Today, we welcome you to the Wilfrid Laurier University Alumni Association (WLUA).

You are now a member of a community of more than 120,000 proud graduates of Wilfrid Laurier University and its predecessors.

WLUA represents all Laurier alumni, including you! We support Laurier with revenue from alumni services, such as group home, auto and life insurance, and an alumni affinity credit card. WLUA revenues help to fund alumni programs and events, university initiatives, student groups, and student scholarships.

The Association's mission is to engage and represent a community that supports and enriches our alumni, students, and the university. We share a vision for an inspiring community of engaged alumni.

You are alumni for life—your relationship with Laurier doesn't end today. Stay connected as a proud grad and learn more at LaurierAlumni.ca.

Congrats. You did it.

Welcome to the Laurier Alumni Family.
